

Project Manager (m/f/d) for French project

Your future employer is a successful company which, together with its carefully selected and qualified specialist staff, supplies its customers with modern, high-quality products by constantly striving for growth and development. Around 100,000 employees work with commitment to maintain the demand for the highest quality and innovative ideas in a company with tradition and a future. For this client, we are looking for the ideal candidate for the position in the greater Frankfurt area as soon as possible:

Project Manager (m/f/d) for French project

Your future area of responsibility:

- As Project Manager (m/f/d) you will be responsible for coordinating the core team and all dependent workflows and defined steps.
- In your position as Project Manager (m/f/d) you will be responsible for the coordination and preparation of all necessary meetings.
- Her responsibilities include the coordination of a monthly SteerCo.
- Ensuring that the project is on track, including tracking all measures and milestones and managing dependencies on other working groups and projects (e.g. LIMS replacement) are among your core tasks.
- As a project manager (m/f/d), you will be responsible for reporting on progress and status. You will also be responsible for escalating problems and risks to the Operational Committee.
- In your position as Project Manager (m/f/d) you will be responsible for the management and expectations of Sanofi's users and managers.
- The main focus of your task as Project Manager (m/f/d) is to help create a long-term roadmap for GMP assignments.

What sets you apart:

- You have successfully completed training as a project management specialist.
- You have knowledge of the GXP processes.
- You have the ability to manage large-scale projects involving large groups.
- As our preferred candidate, you will have knowledge of pharmaceuticals and development activities.
- For this position you will have knowledge of the digital sector.
- You have knowledge of agile methodology and / or are a certified Scrum Master would be an advantage.
- You are fluent in English and also speak French fluently. German is a useful language.

Es erwartet Sie:

- You can look forward to a future-proof job with performance-related pay and attractive working conditions.
- A modern working environment with a progressive employer with economic stability welcomes you.
- You will receive careful and well-organized training in your department from a colleague specially assigned to you.
