

Product Manager (m/w/d)

Our Client is a global provider of air freight. Their primary mission is to support the other business units by ensuring customers have the financing they need to buy and receive delivery of their products.

Product Manager (m/w/d)

Your future tasks and responsibilities:

- Identifies market opportunities by validating product and solution ideas for the air transportation market for their revenue potential
- Build strategic relationships with key technology and business leaders to ensure program success
- Partner with all relevant groups, mainly with the Software Development team to develop, test, and deliver high quality products and features
- Lead and drive teams on all business readiness activities, including product planning, sequencing, testing, user education, rollout, iteration, and support
- Develop detailed product requirements, user stories, acceptance criteria, and success measures
- Ability to lead efforts to identify risks, resolve key blockers, and establish appropriate resolution paths
- Ability to fill in gaps across roles and functions as needed, performing as an adaptive problem solver
- Ability to champion a collaborative work environment that cultivates shared understanding, transparency, autonomy, innovation, and continuous learning

Skills and Qualifications:

- Bachelor's degree or higher in a business or technical field
- 10 or more years of overall professional experience

- At least 5 years of related experience, dealing with software development projects and at least one year with digital product management
- Very strong written and verbal communication skills, fluent in Business English
- Motivated by an international and fast-paced work environment with a strong team spirit and motivational character
- Excels in building cohesive teams through innovation, customer focus, design thinking and professional collaboration
- Ability to push boundaries while maintaining a well-structured way of working in a small team and a collaborative environment amongst business partners
- Experience in leadership either formally or informally leading teams in a cross-functional environment
- Experience influencing partners across multiple organizations to define and drive common objectives.

Your professional future:

- You will find a job in an international team that has worked on exciting and challenging topics in an innovative and creative environment.
- You will receive a performance-based compensation under attractive working conditions and a lot of creative freedom to implement their own ideas into action.

We look forward to receiving your application!
